A family business with a family approach

Promolife was created over a decade ago by Gerry and Yvonne Segal on a shoestring budget in their home attic, with one guiding principle: to offer their customers quality products, service and education to support a healthier lifestyle and a healthier planet. With so many people struggling to improve their health, Gerry and Yvonne wanted to expose people to non-toxic, drug-free alternatives to gain wellness without dangerous side effects.

They came upon their passion by necessity. Each suffered from a number of ailments caused by poor diets, too many antibiotics and environmental toxins. After researching and practicing natural methods, they began to see improvements in their health. Their passion for healing has only grown since.

Sticking to the dream, Promolife has grown from a handful of products to over 1200, and boasts a dedicated staff and a larger catalog. They now operate in a beautiful office and warehouse built specifically for Promolife.

Words from some of our customers

"Thanks for taking care of me. I absolutely appreciate it. Sorry to say, I tried to order from one of your competitors first. It turned out to be a pretty bad experience. I confess that I was a little gun shy ordering from you. But, you proved to be very professional." - Aileen

"Five stars. Absolutely fantastic product. I have ordered 12 different heat panels from Promolife and I am extremely satisfied with the quality of your product. Previously, I ordered from a different company and the product was terrible. I had to throw it out eventually. Keep up the good work!" - Noreen

"I just received my PFIRS and it is one of the best products I have ever purchased. It is worth the money ten times over. How great it is to sweat! I've not felt this good in a long time. Thanks Promolife!" - Donna - pg 13

"These Bird Gard Bird Distress Repellers really work. I wasn't sure at first, but I tried it anyway. I had problems with robins and woodpeckers on my apricot tree. Shortly after I turned the system on, the birds were gone and have not been back since. Thanks Promolife." - Ron - pg 37

"I got this for my wife's staph infection/MRSA and we were both very skeptical at first as other treatments didn't work very well and when antibiotics did work the side effects were not good. This Ozonated Olive Oil has worked wonders on both my wife and sister. My sister had an unidentified skin irritation for six weeks. She was about to see a doctor but cancelled the appointment because after one application of the product it almost completely went away overnight. Now we use it on everything from cat scratches to scars. It works wonders even on stubborn infections. We definitely would recommend it to other people and it is worth the money." - Andrew - pg 7

"I love this product [Ozone Water Bubbler]. Very high quality, all glass construction. I actually love every product I have purchased from this company. They are a company with a conscience. I have referred many people to their website. Thank you Promolife." - Tracey - pg 9

"I owned a Body Bridge years ago and loved it. Then had a back injury and thought that I couldn't use my Body Bridge any longer so gave it away. However, happy to say that I can once again benefit from this wonderful piece of equipment." - Carmela - pg 28

Alkaline Antioxidant Water Ionizers help increase body pH and super hydrate your body.

Alkaline Water Ionizers are considered the most important development in water purification and water hydration technology today. **Why?**

Most people tend to have a more acidic body pH. Medical science has proven this contributes to sickness and some life threatening diseases. Raising your pH to a more alkaline state is known to boost the immune system, adding more protection to keep yourself healthy.

Lack of proper hydration is also a contributor to illness. Water Ionizers are the solution to easily raising the body's pH and super hydrating the body as well. If you feel the water you're drinking does not quench your thirst OR you get colds all the time or feel tired and dragged down most of the day, then you need an Alkaline Water Ionizer.

For more models, visit **Alkaline Water Ionizers** on our website.

Hybrid Portable Water Ionizer NEW!

An exciting innovation in Alkaline Water Ionizer technology!

The Hybrid Portable Water Ionizer gives you all of the benefits of a standard ionizer as well as the flexibility to use it anywhere you go. Connected to the faucet or used as a stand-alone unit, the Hybrid is built with options in mind. It's totally portable and lightweight, powerful, stylish and effective with multistage filtration. Just connect to your tap or fill the top container with water, select the pH level you want and go.

Special Features:

- Completely portable and powerful - only eight pounds and 200 watts
- Four slotted platinum titanium plates
- Three alkaline and three acidic pH settings with a 10.5-3.5 pH range
- Internal multistage activated carbon water filter
- NRTL, KFDA and CE approved
- 15" tall x 7.9" deep x 7.4" wide

Jupiter Venus Water Ionizer

The Jupiter Venus Alkaline Water Ionizer is the best value and most contemporary water ionizer available.

Ease of use and exceptional performance come with the latest touch screen technology at an amazing price.

Special Features:

- Four alkaline pH levels, four acidic pH levels
- Manual voltage adjustment for an extra 24 pH levels, if needed
- Automatic cleaning for ten seconds every 20 liters
- Automatic indicator alert lets you know when the filter needs replacement
- Easy installation next to or over the sink, with a wall-mount option
- Comes with everything needed for installation
- Fully automated system uses MICOM artificial intelligence with four meg ram semiconductor
- Automatic turn-on and shut-off via the incoming water switch
- Platinum titanium electrodes have Advanced Polymer Technology
- Overheat protection including hot water automatic shut-off
- Complete warranty guarantee with a less than three day repair time guaranteed

Life 9200 Alkaline Water Ionizer

The LIFE 9200 is the most advanced ionizer in its class.

The LIFE 9200 is the industry standard for under-counter water ionizers. This version of the popular LIFE 9100 gives you the ultimate in ionization technology while maintaining the integrity of your kitchen design. Therefore, the only part of the ionizer you will see on your countertop is the beautiful brushed stainless steel faucet! This revolutionary ionizer allows you to enjoy the same high efficiency, advanced filtration, and quality of alkaline water that so many people have come to love with the LIFE 9100. The LIFE 8100 is a similar unit with seven plates.

The 9200 is fully convertible from countertop to under-counter with the optional faucet. This ionizer boasts 9 flat or MESH electrodes and an SMPS power supply (adjusts up to 349 watts) to provide you with the largest amount of antioxidants at optimal pH drinking levels. Optional UV Light Technology (patent pending) and Energy Frequency Technology (patent pending). It also contains LIFE Ionizer's advanced filtration with dual internal filters and optional custom pre-filtration. **Special features:** 349 watts, nine plates, automatic flow control, ORP output of up to -800, pH output of up to 11.3.

AlkaPod Portable Water Ionizer

The AlkaPod is a portable water dispenser that converts regular water into alkaline and ionized water that anyone can drink anytime, anywhere.

The AlkaPod uses 13 types of minerals in its filter including Tourmaline, Zeolite and Maifanshi stone. These have been scientifically combined to give the optimal effect to the source water. No electricity required.

The AlkaPod's design and unique internal filter are patented. The AlkaPod is portable and convenient, making it a perfect travel companion. Makes 13 oz at a time. 12 month usage based on 2-3 liters per day.

Toxikator Self pH Testing Kit **NEW!**

Test your pH levels easily with the Toxikator Testing Kit.

With the TOXIKATOR pH tester, it is now possible for the first time to carry out an accurate, fast, hygienic self-test. The TOXIKATOR measures the pH value of the skin. The tests are carried out with reliable and consistent results. Four simple strokes of the TOXIKATOR pH tester, on the inside crook of the elbow, are sufficient enough to determine the acid-alkaline levels. A single application is sufficient to determine the pH value. After applying the strokes, a visible (washable) blue stain will be left on the skin. This initial blue stain will change color to a pink tone in a matter of time. The speed of the color change indicates whether hyperacidity is present. **Can be used up to 120 times.**

Toxikator pH Test Kit	TOXIKATOR	\$49.95

Renovati Ionic Detox Foot Baths

**The Renovati Foot Bath helps detoxify the Lymphatic System.
You can add sonic therapy for further benefits.**

The **Renovati Ionic Whole Body Detox Footbath Systems** are the most innovative in the marketplace today, featuring extensive scientific research and a triple safety system to ensure utmost protection for the user. All systems are offered in digital and/or manual controls with an on screen digital information center letting the user know if the mineral content is just right, current time left and system status. The variety of models are designed for home or professional use with one system injecting 20,000+ healing frequencies known to aid the body in healing. Many users have noticed a strengthened immune system, improved sleep and some have reported pain relief in various parts of the body.

Detoxification Suppositories allow for quick absorption and faster elimination of toxins.

Detoxamin Suppositories

Detoxamin offers the advantages of intravenous EDTA chelation at a fraction of the cost.

Detoxification suppositories allow for better absorption and faster toxin elimination. EDTA attracts and binds heavy metals, allowing them to be easily removed by urination and normal bowel functions. We offer Detoxamin in a variety of strengths for adults and as a special formula for children. There are 30 suppositories in each container. Use every other day. Quantity discounts are available.

Be aware of your body functions with Check Test Kits.

The **AntiOxidantCheck** test kit measures levels of lipid peroxides to determine free radical activity in your body. Measuring levels of lipid peroxides provides a good indication of your antioxidant levels - your body's main defense against free radicals. Free radicals are unstable molecules that can attack the cells of your body.

AntiOxidantCheck \$89.95

The **MineralCheck Heavy Metals** test kit evaluates levels of the following elements in your body. Minerals are essential for the body's production of energy and in performing other important biochemical functions.

Minerals: Calcium, Chromium, Cobalt, Copper, Magnesium, Manganese, Molybdenum, Strontium, Sulfur, Vanadium, Zinc

Toxins: Aluminum, Antimony, Arsenic, Bismuth, Cadmium, Lead, Mercury, Nickel, Tin

MineralCheck \$89.95

Visit our website for more Check Test Kits.
www.Promolife.com Look under Detoxification, Test Kits.

OxyFlush

OxyFlush is designed to clean harmful undigested material from the colon.

OxyFlush capsules are natural minerals bonded to oxygen and ozone. The active oxygen is released into your intestines and colon and turns all waste materials and mucous into liquefied carbon dioxide and water which is then gently eliminated. There is no accompanying muscle weakness or loss of electrolytes.

OxyFlush	OFVCAP900	\$27.99
Three Bottles	3OFVCAP900	\$59.97
Six Bottles	6OFVCAP900	\$101.94

One year warranty

Fingertip Pulse Oximeter

Measures your blood oxygen level and pulse in seconds.

The Fingertip Pulse Oximeter is so small it will fit almost anywhere. Use it at home, work or the gym to keep track of your blood oxygen levels (SpO2). Precise enough to be used by healthcare professionals, it can also be used at high altitudes, and in low or high temperatures.

The unit has an automatic power off feature to save the battery's life.

Fingertip Pulse Oximeter	G-13	\$149.00

All Natural Home and Food Sanitation

Lotus Ozone Sanitizing System

The Lotus Sanitizing system infuses water with ozone to neutralize up to 99.9% of bacteria and pesticides on foods. Clean foods and surfaces without chemicals.

You can also use Lotus to infuse water in the included spray bottle attachment and sanitize surfaces with one of the Lotus microfiber cleaning cloths also included with the system. Among many other things, Lotus activated water removes stains, mold and mildew and deodorizes.

Lotus Sanitizing System	LBU100	\$189.95
-------------------------	--------	----------

Nature Kleen Food Sanitizer

The Nature Kleen rids your food of pesticides, chemicals and bacteria.

The Nature Kleen is a convenient counter top device that uses oxygenated water to sanitize foods and make them better to eat. It's effective and easy to use. Great for treating drinking water. Nature Kleen produces Tri-Atomic oxygen when combined with water and releases oxygen to clean and kill bacteria and viruses in the water by oxidation.

Nature Kleen	NKLEEN	\$249.95

Ozone Therapy is used for a wide variety of applications.

Introducing the O3Elite Ozone Generator **NEW!**

You spoke and we listened. We compiled surveys, testimonials and comments about ozone therapy and ozone generators and used that information to create the all new O3Elite Dual Stage Ozone Generator. Months of research and testing have evolved into one of the very best ozone machines on the market. **Includes a Five Year Warranty.**

Inside the O3Elite Ozone Generator:

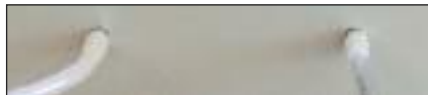

- ♦ No plastic fittings or connectors - comes standard with 316 grade stainless steel Luer lock fittings.
- ♦ Use one or two cells, depending on your application. Each cell is fully adjustable.
- ♦ New 100-240 Volt power supply - use it anywhere in the world without a step-down transformer.
- ♦ Extremely quiet, no loud buzz; highly efficient, cleanable ozone cells. No cooling fans needed.
- ♦ Included check valve protects the unit from water entering the ozone generator.
- ♦ Wall mount holes - now you can mount it in any room, easily move it, or keep it on a flat surface.

Specifications of the O3Elite:

AC/DC	Input: 100-240V, 50/60Hz, 0.5 amps	Output: 11-13V
Corona Discharge	3/16" Tube Size	Dimensions: 9"x7"x3"
Check Valve: .25 psi	Ozone Output: up to 90 gammas

Fittings**

Your O3Elite comes with: 6 feet silicon tubing and 5 feet oxygen tubing (includes Luer lock adapter); 2 silicon adapters; ozone DVD; instructional manual; gamma chart; power adapter; ozone resistance check valve

Power Prep Phoenix Oxygen Concentrator

The Power Prep Phoenix Oxygen Concentrator generates up to 90% pure oxygen from room air.

This new state of the art oxygen concentrator uses pressure swing adsorption (PSA) air separation technology resulting in outstanding oxygen purity and superior dewpoint. The Power Prep Phoenix is the next generation lightweight, 0-3 LPM oxygen concentrator able to boost outputs and concentration levels of ozone generators and has been enhanced for superior durability and reliability. Ideal for use in ozone therapy.

Ozonated Olive Oil

Promolife's Ozonated Olive Oil is made from extra virgin, cold pressed, organic olive oil.

Pure, medical grade oxygen is used to make our salve. Ozonated olive oil is often used to re-oxygenate skin tissue and may be effective for dry skin, eczema, athlete's foot, insect bites, psoriasis, sunburns, skin ulcers, burns, diaper rash, fungal infections, dermatitis, wrinkles, bed sores, herpes simplex, hemorrhoids, gingivitis, acne, ringworm, infections and much more. It can also be used after surgery to help prevent secondary infections. If used during massage, it will enter the tissues, oxidizing lactic acid and other toxins to aid in elimination.

Note: Rectal catheters are available with quantity discounts on our website under Ozone Therapy. A humidifier bottle is recommended for rectal or ear insufflations.

Far Infrared Therapy can provide detoxification, relaxation and pain relief.

Far Infrared Heat penetrates deep in the body (approximately two to four inches) and helps expand and dilate peripheral blood vessels. This helps bring relief to muscles and soft tissue injuries through increased circulation and accelerated production of compounds the body makes to heal. The increased blood circulation delivers oxygen-rich blood to injured muscles, helping speed up the body's natural recovery process.

Far infrared therapy also relieves the stiffness, aches and soreness associated with aging. It is better than having a personal masseuse. An increase in blood circulation encourages a healthy flow of nutrients to your skin that in turn helps to relieve acne, eczema, psoriasis and burns. It will also encourage the healing of lesions and minor cuts. For more far infrared products, visit www.Promolife.com.

Therasage Instant Calmer Healing Pads Improved!

Therasage Healing Pads combine far infrared and negative ions to provide natural pain relief and no electromagnetic radiation.

Therasage has completely revolutionized personal heating products with its proprietary line of Healing Pads. Conventional pads use electric heating coils and emit high levels of EMF. They only heat the skin, while Therasage pads create penetrating far infrared heat with no EMF radiation. In addition, the "enriched air" technology brings the benefits of negative ions to every user.

Safety features, including an on/off digital timer with auto shut-off, make this unique product a must have for everyone. Users often experience natural pain relief, with safe, long-lasting and therapeutic heat. Our healing pads use all natural pure Jade stone and antibacterial materials, in a soft and flexible pad built for comfort. Now includes an improved, user friendly remote control and a limited one year warranty. These are some of the most popular pads we've ever offered.

Size	Code	Weight	Dimensions	Price
Small	IC0001	5 lbs	14" x 20"	\$100.00
Medium	IC0003	7 lbs	21" x 30"	\$200.00
Large	HP0004	25 lbs	70" x 25"	\$450.00

Bio-Mat Far Infrared Heat Mats

Relax your body, reduce fatigue and enhance your health with a Far Infrared Bio-Mat.

The Bio-Mat uses far infrared heat and negative ions to provide a number of benefits, including improved immune function, reduced fatigue, less joint pain and stiffness, better circulation and improved skin. It can also help burn unwanted calories. The pad does not get as hot as other heating pads – you get more warmth and benefits without burning your skin by using deep penetrating far infrared. If any part of the pad gets too warm, current is shut off by thermal sensors located throughout the pad. It comes with a control box to adjust temperature.

Saunex Far Infrared Sauna Cabinet Ultra Low EMF

The Saunex Far Infrared Sauna allows you to enjoy the benefits of far infrared in an easy to clean, modern cabinet. Great for places where sanitation is important.

The Saunex far infrared sauna system is designed to completely surround you with far infrared heaters that are safe to the touch. The cabinet's interior is almost completely covered with our specially developed heaters, providing you with an unsurpassed evenness of heat.

The heater assembly's design allows the heaters to be close to the body for optimum heat absorption without risk of burns. The far infrared spectrum's effectiveness in deep penetrating heat allows you to sweat at a lower, more comfortable temperature, which allows many people to tolerate a sauna who can not use a traditional one.

The design, shape and size of this sauna system were derived directly from the form of the human body. The shape of an average human being sitting in a comfortable position was drawn and the cabinet was then created in computer space to surround the body up to the neck, leaving approximately 4" to 6" of space between the cabinet walls and the body.

Far Infrared Thermal Bag

The Far Infrared Thermal Bag allows you to wrap your body in far infrared heat.

Far infrared can aid in detoxification, weight loss, pain relief and increased circulation. Our three zone heater bag allows you to immerse your body in a relaxed, supine position. It heats up quickly and includes an intelligent control box. You can adjust temperature in five degree increments and time in five minute segments. Great for home use, weight loss clinics, beauty salons and anywhere far infrared is needed.

Far Infrared Thermal Bag

FIRBAG3

\$369.95

Recently I purchased Promolife's Far Infrared Sauna Bag. After the birth of my children I gained about 35 pounds. I was able to lose 25 of those pounds by myself but the last 10 pounds just wouldn't budge.

My sister told me about far infrared, so I researched it on the internet where I found Promolife's video on the subject. The video convinced me to try the technology. I've only been using the FIR sauna bag for a week, but already I've lost two of those stubborn pounds. It's not just water loss either, for I am drinking a lot of extra water before and after each sauna session.

Mary from Washington, 1/22/2009

Therasage Far Infrared Foot Rest

The Therasage Foot Rest offers an ergonomic design, even distribution of far infrared heat and no EMF.

Our TheraDesign Foot Rest with far infrared and contouring TheraFoam memory foam allows you to comfortably adjust your legs and feet to the proper angle for increased blood circulation, reduced fatigue and less stress. An adjustable time and temperature control maximizes the effectiveness of the far infrared. The extra long reach foot pedal switch allows you a two hour time reset with the flick of your foot. It promotes proper posture, is made of antibacterial materials and is easy to use.

Far Infrared Clothing

**BEST
SELLER!**

Far infrared clothing allows you to have the benefits of far infrared anywhere you go.

Far infrared is great for reducing arthritis pain and inflammation, promoting regeneration, enhancing white blood cell function, relaxing muscles, improving metabolism, reducing fatigue and improving overall health. These clothing items contain far infrared emitting fibers that will not be removed by washing. By focusing the energy on knees, hands, and feet you can relieve some of the problems associated with those areas, like ankle pain, carpal tunnel and knee strain.

TDP Far Infrared Mineral Lamps

Relieve pain and treat chronic ailments with a TDP Lamp.

FDA cleared

TDP Lamps are often called Miracle Lamps due to their ability to relieve pain, promote microcirculation and metabolism, and treat a wide array of chronic ailments. The curing plate is coated with a mineral formation of 50 elements that are essential to the human body. When heated to a certain temperature, it emits unique bio-spectrum electromagnetic waves that are easily absorbed by the body. Using only 250 watts, these lamps are great energy savers too.

The plate is .5 to 1.5 millimeters in thickness and provides stability and protection for the more fragile mineral layer, and distributes heat evenly on the plate. The absorbed energy promotes microcirculation and metabolism, and strengthens the immune system. See our website for more information and for a list of possible uses for TDP Lamps.

Portable Far Infrared Saunas

**BEST
SELLER!**

Receive the benefits of far infrared anywhere at any time
with the Portable Far Infrared Sauna.

"It works great; my skin cleared
up almost instantly, and I can
definitely tell that there is
detoxing going on." - Paige

This convenient portable sauna uses far infrared to help relax muscles, improve complexion, relieve pain, burn calories and help eliminate toxins. It's easy to store and easy to use and because it uses only 1000 watts, it has a lower operating cost. The entire sauna weighs 15 pounds and folds flat. Just plug it in, turn it on and enjoy the many benefits of far infrared, like detoxification, weight loss, pain relief and increased circulation. Your head stays free to watch television, or let your hands stay outside to read. It comes with an electric timer/temperature control and a folding chair. There are two types of heaters: a ceramic box heater that sits under the seat (and can be used for heat outside the sauna) or a foot pad heater.

Healing Heat Far Infrared Sauna Dome

Detoxify, improve your immune system and relieve pain with the
Far Infrared Dome Sauna.

The Far Infrared Dome Sauna is a full body enclosure that surrounds you with beneficial far infrared heat. Far infrared can aid detoxification, relieve pain, increase circulation, improve metabolism and more. The Dome shell pulls out to 72" long, 25" wide and 18" high and the inside is composed of a solid smooth carbon sheet making it easy to clean with a damp cloth. No plastic is used in the heater. There is a water resistant mat to keep sweat off the floor or massage table. You can adjust time and temperature with the control box. Cover your body with far infrared and relax – the Dome will do the rest. 900 watts. Made in South Korea.

The **Vita-Mat** uses far infrared heat to soothe and relax your body, and uses a patented technology that eliminates dangerous EMF. The Vita-Mat harnesses the healing power of far infrared from natural jade, germanium, charcoal and yellow mud. It can help relieve pain, improve circulation and strengthen the immune system. Use alone or in combination with the Dome. Save by buying together!

SaunaGen Far Infrared Saunas **NEW!**

Melt your stress away in a handcrafted Royal Far Infrared Sauna.

Our new Royal Carbon Fiber Far Infrared Saunas look great and produce deep, soothing, penetrating heat for the relief of arthritis, back pain, muscle aches and more. Far infrared has been shown to aid detoxification, burn calories, relax muscles, increase circulation and improve immune function. Carbon fiber heaters emit an even temperature throughout the sauna and are not hot to the touch.

The Royal includes a control panel with adjustable time and temperature, an mp3 adapter, colored therapy lights, and a radio. It's a showpiece in any home, is easy to use and exceeds all US and European standards.

About Infrared Saunas

The heat source for infrared saunas is Far Infrared. FIR is simply a form of energy that is directly transmitted onto objects because of its specific wavelength. It has nothing to do with ultraviolet light which is known to cause sunburn and damage skin. Conventional saunas transfer heat by circulating hot air, warming your body from your head down. Infrared heat rays warm your body directly. This allows an in-depth heat at a more pleasant temperature of 100-150°F, providing more health benefits and a highly enjoyable and comfortable environment.

What are Electromagnetic Frequencies?

An electromagnetic field is an electrical type of radiation that is proven to cause physical disruptions in the human body. EMF is created by the electric grid system we all use. Appliances such as microwave ovens, toasters, digital clocks, electric blankets and even baby monitors are known to emit a higher-than-safe level of EMF. The effects of EMF on the body have been shown to

be cumulative in nature. It is more likely to affect the young, elderly, or physically weak. Often EMF disrupts normal nerve functions, creating the risk of neurodegenerative diseases like Parkinson's disease. Some studies have shown that DNA itself can be damaged through increased free radical activity. See more EMF products at www.Promolife.com.

BioElectric Shields

Shield yourself from negative energies.

The BioElectric Shield is composed of a matrix of precision cut quartz and other crystals designed to balance and strengthen the body's own natural energy field. By wearing or carrying this beautiful piece, you can deflect electromagnetic frequencies (EMF) and other harmful energies, including negative energy from other people. Research has shown a measurable difference in organ strength and function. Use our brass tab models for good, balanced results or upgrade to gold for 15% more strength. Each Shield comes with a black satin cord. **Great gift for a loved one!**

Magnetic Therapy

Magnetic Braces

Relieve pain from arthritis, sprains and injuries with Platinum Magnetic Supports.

Platinum Magnetic Braces are excellent for pain caused by sprains, arthritis, bone injuries and strains. Powerful neodymium magnets are inserted at precise locations. These supportive braces completely saturate the area with a high energy magnetic field for maximum relief of moderate to more severe pain. The patented thermal regulation removes perspiration and excess heat so the support can be worn during strenuous physical activities. The Velcro strap easily adjusts for proper compression. Combines 12,300 gauss and 4,200 gauss magnets at precise angles for maximum field integration.

Pain Relief Devices

Infratonic 9000 **NEW!**

The Infratonic 9000 is the next generation in infratonic devices, designed to stimulate healing energy and reduce pain.

The Infratonic 8000 was one of our most popular devices. Now we have the Infratonic 9000, a fully portable unit with no need for a base, with all the signals of the 8000 and more. It's a total upgrade. More powerful, more portable and **made in the USA**. Infratonic sound therapy devices were designed to simulate the healing energy measured from the hands of QiGong master healers, which has been shown to increase lymphatic circulation, reduce edema and provide deep relaxation of muscles and the nervous system. This Infratonic is reimbursable by some insurance companies - check with your company's policy to determine your eligibility.

MVT Microvibration Device

Microvibration Therapy provides revolutionary pain relief and stress reduction.

The MVT Microvibration Device is one of the most exciting technological developments in the search to help people relieve stress and pain. It uses microvibration, a special resonant acoustic sound, and LED light to produce remarkable physiologic responses. The MVT is a patented breakthrough technology that combines light, sound and microvibration that induces the cells to increase energy and communication, rapidly relieving discomfort. In detail, it allows microvibrational energy to enter the body and be absorbed by cells. The energy strikes damaged tissue including skin, blood, muscle and bone, creating a cellular response, reducing discomfort and jump starting the healing process.

ZZA700 TENS and EMS Combo Unit

TENS and EMS combo units are recommended by doctors and therapists for the relief of pain and muscle spasms.

With a regular TENS unit the nerves causing pain can be interrupted on the way to the brain. An EMS stimulates the muscles so they can be strengthened. Many physical problems involve both nerve and muscle injuries. With a ZZA700 all the concerns of the disorder can be addressed. There are five basic modes: Burst, Continuous, Modulation, Strength-Duration and Rate Modulation. Electrodes and other units are available at our website under Pain Relief.

JStim Arthritis Relief NEW!

The JStim 1000 Arthritis Therapy System is designed to be safe and effective for treatment of arthritis pain.

The JStim is a proprietary electrotherapy device that works in tandem with soft, multi-layer conductive fabric and safe infrared heat to deliver effective and efficient therapy to the afflicted joint. These combined therapies are compressed against the treatment site using compression wraps, allowing the silver garment electrodes and infrared heat band to emit therapy directly into the target joint.

The JStim works by sending tiny proprietary electrical signals to the joint, while combining infrared heat and compression. Working in tandem with electrotherapy, the infrared heat therapy provides deep tissue treatment. This may help the user with increased blood circulation and reduced pain, and may potentially provide therapeutic results for the treatment of osteoarthritis and/or rheumatoid arthritis.

Tuning Fork Package

Experience the sensation of Ohm with the Ohm tuning fork and music CD.

While listening to the music on this CD, experience feeling the Ohm Tuning Fork as it works like an antenna, pleasantly drawing the music into your physical body, and tuning it to the vibration of Ohm.

The music on the CD and the Ohm Tuning Fork together produce a beautiful "stereo effect." Simple instructions for use are included in the CD/Ohm Tuning Fork Package. See our website for more tuning fork packages.

Tuning Fork CD Package CDTF-EA \$54.95

Combination Pain Relief and Beauty Aids

Deep Penetrating Light Therapy

Deep Penetrating Light Therapy can be used for pain relief or as a beauty aide.

"I have been using this product for two weeks and cannot believe the difference in my skin. My skin is noticeably firmer and a scar that I have had for over a year has diminished greatly." - Susan

Using DPL as a beauty aide: The Deep Penetrating Light Therapy (DPL) was designed around research originally done by NASA. By using the DPL for nine minutes twice a day, a dramatic tightening of the skin will start to occur, causing a smoother, less wrinkled and more supple look. In

as few as four treatments many begin to see and feel a difference. Once your skin has healed, generally in about a month, it is recommended that two treatments per week be continued for maintaining the quality of your skin. A 90% rate of success for people using DPL has been reported.

Using DPL for pain relief: Skin layers, because of their high blood and water content, absorb red light very readily and deliver enough energy to stimulate a response from the body to heal itself. Independent research for over 40 years has shown that LED Red and Infrared lights deliver powerful therapeutic benefits to living tissue. Both visible Red and Infrared light have been shown to affect at least 24 different positive changes at a deep level. LED light is very beneficial in treating problems close to the skin's surface such as wounds, cuts, and scars and is also very effective to reduce pain and swelling from injuries.

DPL Ivory/Sage LT1500IS \$349.95 DPL Black/Gray LT1500BG \$349.95

Sunlamps, Full Spectrum and Vitamin D Lamps

Our sunlamps have a three month warranty on the bulb and one year on the unit.

Sentosa and Del Sol Sunlamps

**BEST
SELLER!**

Enjoy the benefits of sunshine year round.

The Sentosa and Del Sol are effectively used for tanning, treating skin conditions such as acne and psoriasis, and for treating seasonal affective disorder (SAD). They feature 800 watts of tanning power, a digital timer control with an LED readout and push button operation that shuts the unit off at a selected time. Experience a healthy glow with this sunlamp. Protective eyewear is included. The Del Sol is the same lamp without the floor stand.

Sperti Vitamin D Fluorescent Lamp

The Sperti KBD Vitamin D UV-F Lamp is for people who either don't receive necessary sunlight or can't tolerate or process Vitamin D supplements.

FACT: Vitamin D is not just a vitamin important for bone health and the prevention of rickets. It is a prohormone that is essential for regulating calcium metabolism, cell growth, cardiovascular dynamics, immune/inflammatory balance, neurological function and genetic expression.

NEW!

The KBD D/UV Vitamin D Fluorescent lamp was developed in 2010 for individuals who may not be able to receive needed sunlight exposure or tolerate Vitamin D supplements. It is a fluorescent lamp that produces UV rays similar to sunlight that helps the body generate Vitamin D without tanning. **Universal Voltage.**

Sperti Vitamin D Lamp	VDUVLAMP	\$424.95	Dr. Kern's Upper Body Tanner	HT420	\$399.95
------------------------------	----------	-----------------	-------------------------------------	-------	-----------------

Dr Kern Upper Body Tanner

The Dr. Kern Upper Body and Facial Tanning Lamp gives you a safe and beneficial tan.

The UV-A light of the sun is very slow in producing a tan. Only at intensities higher than those of natural sunlight is UV-A able to tan the skin more quickly, by means of so-called direct pigmentation of the pigments already present in the skin.

Nowhere on earth can the sun supply UV-A radiation at this level without an accordingly high share of UV-B. Only a high

performance unit with a filter and cooling system can generate this level of UV output: The Dr. Kern UVA HT420 is equipped to do the job.

One year warranty, timer (0-30 minutes), steel frame, 400 watt halogen lamp, fan cooled.

Pro Model 500

The Pro Model 500 Portable LED Light can reduce pain among a variety of other benefits.

The Pain-X-2000 Pro Model 500 may help reduce swelling, increase pain relief, decrease inflammation, decrease tension in muscles, increase range of motion, decrease muscle spasms, increase blood circulation, accelerate open wound healing and greatly reduce overall treatment times. Infrared therapy utilizes light energy in the invisible range of light. The energy given off is absorbed into the body. A Polychromatic Infrared Diode Therapy Book is included with all units.

The Pro Model 500 has been designed to help with pain relief, increase speed and quality of cell tissue repair, increase blood supply to affected areas, reduce swelling, stimulate the immune system and nerve conduction, generate new cells, promote faster healing and develop collagen and muscle tissue. The Pro Model 500 is a five LED unit with three wavelengths: infrared, red and green.

See Pain Relief starting on page 21 for more.

The Total Back System uses inversion therapy to gently decompress and elongate the spine, alleviating pressure on the discs and nerve roots and allowing important nutrients to flow into the discs. At the same time, strengthening and stretching exercises help you make your back and abdominal muscles stronger. The

Total Back System is safe and easy to use and requires just a few minutes a day. It's convertible to a 45 degree bench and is height adjustable (accommodates most people from 4'11" to 6'5").

VibraTrim VT100

The VibraTrim VT100 is the next generation in Whole Body Vibration.

When you start to use your VibraTrim, you will notice how your body automatically adapts to the vibrations. One of the first results you will have is increased flexibility and range of motion. By standing on the plate, the vibration generates systematic involuntary muscle contraction throughout the body, which not only increases your flexibility but also burns fat by increasing your metabolism while it improves your circulation and provides your cells with ideal oxygen and nutrient

delivery to slow the degenerative process. Uses a pivot system with solid steel construction. 1.5 hp motor, 200 watts. **Two year warranty.**

VibraTrim VT100

VT100

VibraTrim VT100

NEW!

The VibraTrim VT202 gives you whole body vibration in a portable solution.

The VibraTrim is solid quality construction and a quiet operation, unlike others that feel like they are going to break, are unstable and are very loud. The VT202 is just

a lot like the VT100, with the advantage of complete portability. Now you can experience Whole Body Vibration anywhere. It includes a handle for even easier movement from room to room or place to place.

Prostate and Hemorrhoid Relief

Delwa-Star Eco Therm

Gentle heat therapy provides prostate and hemorrhoid relief without drugs or side effects.

"This product is amazing. The results have been almost immediate. I have had chronic prostatitis for over a decade." - Michael

The Delwa-Star Eco Therm uses soothing heat to relieve pain from prostate and hemorrhoid problems. The probe emits pulsating warmth that stimulates blood flow, increasing the metabolic rate and causing shrinkage of inflamed prostates or hemorrhoids.

The Eco Therm is **FDA approved** for hemorrhoid therapy, has no side effects and is pain free. The unit is battery charged with an automatic shut off, making it easy and safe to use.

Water Purification

Countertop Steam Water Distiller

The Countertop Water Distiller is as easy as a coffee maker and makes a gallon of pure water in just four hours.

This distiller pays for itself quickly compared to buying bottled water. Just pour in the water, put on the lid, turn it on and walk away. After the water is distilled, it goes through a post carbon treatment system to ensure better taste. It comes with a one gallon storage bottle which easily fits in any refrigerator. The bottle fits inside the distiller should you decide to travel with it. **HCE and CSA certified.**

Countertop Water Distiller AAARD \$179.95

Carbon filter (24) AAACS \$49.95

Waterwise 8800

The Waterwise Model 8800 is the most popular 100% steam water distiller Waterwise makes.

The Waterwise Model 8800 is so compact it is easy to travel with. Put it on any counter top for effortless storage. It's easy to use - just fill the stainless steel boiler with tap water and push Start. With that push of the button you can have sparkling clean water ready for making great tasting coffee, to cook with, or anything else where healthy water is preferred.

Visit our website for our full selection of distillers and dispenser designs.
See page 2 for Alkaline Water Ionizers and 34 for Fluoride Removal.

Fluoride Removal Systems

Bone Char is currently the most effective method to remove fluoride from drinking water. Bone char also removes heavy metals, pesticides and chlorine.

People are becoming more aware of the dangers of added fluoride and high concentrations of natural fluoride in drinking water. It is known that the type added to public water (hydrofluosilicic acid) is a raw untreated hazardous waste from the phosphate fertilizer mining industry. The waste is straight from the pollution scrubber systems of the mines and is highly contaminated with arsenic, lead and a potpourri of other heavy metals.

Bone Char is used worldwide because of its effectiveness in removing fluoride without being affected by temperature or pH fluctuations. It will also remove chlorine, heavy metals, pesticides and other contaminates.

The three stage countertop and under sink systems include two bone char and one KDF/GAC filter. The four stage system includes two bone chars, one carbon block and one KDF/GAC filter. Because fluoride needs extended contact time with the filter, we have found that the three stage unit removes approximately **80-90%** of the fluoride and the four stage unit removes approximately **99%** of the fluoride.

Energy, Frequency and Electrical Devices

Dr. Bob Beck's Brain Tuner

Use Dr. Bob Beck's Brain Tuner to tune your brain and energize your body.

Since 1983, thousands have discovered the Brain Tuner relaxation system. The electronic stimulator produces over 500 frequencies to rapidly balance and restore the natural energies of your body and mind.

Research shows that these subtle energies may be linked to improved memory, creativity, learning and intelligence, and some users report feeling deep relaxation, centering and calmness, reduced nervous energy, deeper sleep, better sexual performance, lucid dreaming, short-term memory improvement, reduced negative behavior patterns and improved concentration. Includes permanent electrode clips. Just attach to your earlobes and adjust the frequency.

Three Year Warranty

Brain Tuner	BT7	\$219.95
--------------------	-----	-----------------

Dr. Bob Beck's Magnetic Pulser

The Magnetic Pulser by Dr. Bob Beck neutralizes pathogens and provides the healing properties of magnetic therapy.

The Magnetic Pulser is designed to generate a powerful, rapidly-pulsed magnetic field. This field creates tiny electrical microcurrents in living organic materials and may reduce pain and inflammation, improve circulation, accelerate tissue regeneration and regulate the nervous system. Unlike a number of other frequency generators, the MP5 is not designed to affect the entire body at one time; instead, the round applicator coil is used to target specific local areas such as muscles, bones, lymph glands and internal organs. Pet owners especially appreciate the magnetic pulser's non-invasive applicator.

Magnetic Pulser	MP5	\$349.95
------------------------	-----	-----------------

The MP5 operating instructions do not give any information regarding specific applications for this instrument and we make no medical claims.

The Detox Box

The Detox Box is a Rife Machine with over 450 built-in frequencies and over 550 preprogrammed codes.

By holding the stainless steel cylinders or applying the convenient electrode pads directly over your skin and selecting specific frequencies, it is theorized that you can disable harmful microbes in your own body. It has over 550 preprogrammed codes for those concerned with anxiety, headaches, stiff muscles, liver support, kidney support, color therapy, and much more. The Detox Box is not intended to "treat" any disease; rather, it offers a potentially beneficial therapy that complements the body's natural healing ability.

Germ Guardian Humidifiers

Ultrasonic Digital and Manual Humidifiers

The Germ Guardian Ultrasonic Humidifier humidifies the air without growing mold and bacteria in the tank.

Unlike other humidifiers that grow slimy mold and bacteria in the water tank and send it out into the room, the Germ Guardian Ultrasonic Humidifier uses Silver Clean technology to fight the growth of mold and bacteria. Clean, fresh moisture is then sent into the room. It's virtually silent when it runs and uses ultrasonic technology for quiet operation while you sleep. The humidifier is equipped with the option for warm or cool humidification and a low water indicator light that lets you know when it's time to refill the water tank. The Germ Guardian ultrasonic humidifier uses a metal diaphragm vibrating at an ultrasonic frequency to create water droplets that are expelled out into the room to help maintain the desired humidity level. An ultrasonic humidifier is virtually silent when operating.

Pest and Bird Control

ScramX Animal Chaser

The ScramX (formerly Rodelsonix) is one of the most effective electronic pest repellents ever.

The ScramX is an industrial type unit designed and engineered to be effective in restaurants, factories, and food processing

plants. It protects up to 10,000 sq. ft. It has nine variable pitch and "loudness" settings and a convenient plug in cord. You can even adjust it to keep larger pests such as raccoons, squirrels, possums, armadillos, rabbits or any similar sized animal at bay.

ScramX	1007	\$69.95	Two ScramX	1007-2	\$104.93
Three ScramX	1007-3	\$139.90	Four ScramX	1007-4	\$144.95

Original Pest Control II Digital

The award winning Original Electronic Pest Control is very effective to help eliminate most insects, mice and rats.

These units input a frequency in the electrical wiring of your home to deter insects and rodents. These devices will not affect computers, cats or dogs. These units produce Variable Frequency Technology which are complex ultrasonic sounds, impacting the auditory systems of pests. Pests will most likely leave the area in an effort to escape the very annoying "jackhammer" sounds produced.

Pest Control II	PC12	\$49.95
------------------------	------	----------------

Bird Gard PRO

The Bird Gard Pro Standard comes with one built in speaker and repels birds in a space up to 1.5 acres.

Bird Gard products use digital quality recordings of actual bird distress and predator calls and annoying electronic harassment sounds to repel birds by creating a hostile environment where the birds feel threatened and uncomfortable. These sounds are broadcast by a microprocessor and output through high-fidelity speakers. The sounds will not degrade over time since they are all digital recordings.

Bird Gard Pro Standard	0033	\$195.95

Visit www.promolife.com/birdchips.html to see which chip recordings apply to which species.

If you have any questions about chips or the Bird Gard Pro, feel free to call or e-mail us.

Specify 120V or 220V.

You can see all of our Bird Gard models that cover more acreage at promolife.com under Yard and Garden, Pest Control, Bird Control and Sound Repellents.

Oxygen Therapy

Oxygen Therapy can increase the level of oxygen in your blood. When the body doesn't receive enough, a list of illnesses and problems can occur. An increase in oxygen can improve memory and concentration, energy level

and overall well being. You can also experience relief from headaches, boost your immune system, relieve nausea, decrease shortness of breath, and reduce heart strain, among others.

Exercise With Oxygen Therapy and Oxygen Facials

Increase Energy with "Exercise with Oxygen Therapy."

Our EWOT Oxygen Concentrators are available in two models: up to 5 LPM or up to 10 LPM for high flow patients. They can be used as a concentrator, oxygen bar, for Exercise with Oxygen Therapy (EWOT) or as an oxygen facial system. They are the ultimate in EWOT and beauty machines. Grab some extra tubing and share it with clients, family or friends.

Breathing higher oxygen levels during exercise can provide an increase in endurance, strength and energy. EWOT doesn't require a prescription. The potential benefits of EWOT can be achieved with three simple aerobic workouts a week. Note: These are slightly used demo units. Save big money and get the same quality. Two EWOT masks, two cannulas, humidifier bottle and tubing is included.
